WOODEN MOTOR YACHT / HANDCRAFTED IN CROATIA

Enavigo *Power 39*

Crafted in wood. Made for life at sea.

TAD ROBERTS DESIGN / SEMI-DISPLACEMENT HULL

OCTOBER 2026

Classic lines. Modern cruising.

Inspired by the Pacific Northwest Dreamboats of the 1930s, the Power 39 brings a distinctive silhouette to a contemporary wooden motor yacht.

Designed by Tad Roberts and built in Croatia, she combines a semi-displacement hull, a light-filled deckhouse and the warmth of handcrafted wood.

The Power 39 on the Adriatic.

13.47 m	17 kn	4-6	B
LENGTH OVERALL	TOP SPEED	BERTHS	DESIGN CATEGORY

Your own place on the water.

Natural light, warm timber and spaces designed for time together - with private accommodation when the day is done.

01 / SALOON

Panoramic deckhouse windows, a dining area and a direct connection to the aft cockpit.

02 / OWNER'S CABIN

A full-width cabin with a central double berth, an opening skylight and storage on both sides.

03 / GALLEY

An in-line galley within the deckhouse keeps everyday life close to the helm and dining area.

Laminated wooden hull framework during construction.

Wood, at heart. Built for today.

The structure of the Power 39 brings classic boatbuilding together with modern engineering: laminated mahogany frames, multiple layers of wooden planking and epoxy bonding.

01 **Laminated mahogany**

Transverse and longitudinal frames form the foundation of the hull.

02 **Cold-moulded construction**

Multiple bonded planking layers create a continuous wooden structure.

03 **Epoxy protection**

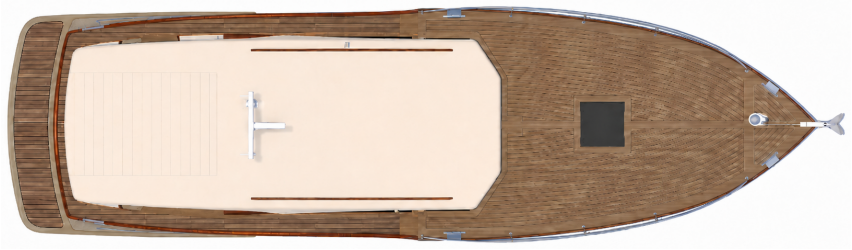
The wooden structure is bonded and sealed with epoxy.

Space, thoughtfully arranged.

Four views of the Power 39: open deck, deckhouse and private accommodation below.

01 / DECK

Wide foredeck, covered cockpit and an aft swim platform.



02 / DECKHOUSE

Helm station, galley and dining area within an all-round view.

03 / ACCOMMODATION

Owner's cabin forward, guest bunks and a separate shower.

The numbers behind the journey.

DIMENSIONS & CAPACITIES

Length overall	13.47 m
Hull length	11.98 m
Waterline length	11.78 m
Maximum beam	3.50 m
Beam at waterline	3.32 m
Draft	1.10 m
Displacement	8.0 t
Fuel capacity	760 L
Fresh water capacity	420 L
Waste tank	180 L
Berths	4-6
Design category	B

PROPULSION & PERFORMANCE

Engine	Steyr SE266E40
Engine power	190 kW
Maximum speed	17 kn
Cruising speed	14-15 kn
Range at 10 knots*	375 NM
Range at 14 knots*	270 NM

* Published performance figures at 8,000 kg half-load displacement. The ranges shown include a 20% fuel reserve. Actual performance varies with loading and conditions.

COLD-MOULDED WOOD

SEMI-DISPLACEMENT HULL

Ready for time aboard.

NAVIGATION & HANDLING

- GPS multifunction display and VHF
- Autopilot and radar
- Bow thruster
- Emergency tiller

DECK & MOORING

- Teak deck and cockpit
- Electric windlass
- 50 m stainless steel anchor chain
- Electric gangway
- Cold-water cockpit shower

COMFORT ON BOARD

- Airtronic heating
- Two refrigerators
- LCD television in the saloon
- Separate hot and cold shower
- 30 L electric water heater (220 V, 750 W)
- 180 L waste tank

POWER & SYSTEMS

- 2 x 275 W solar panels
- Battery charger and inverter
- Custom polypropylene fuel and water tanks

Covered aft cockpit and wooden swim platform.

EXPERIENCE THE POWER 39

Step aboard *Power 39.*

Arrange a private viewing in Croatia, discuss the yacht or request further information. We look forward to hearing from you.
